# ABOUT THE EVENT

## About New Danville

Founded in 2005, New Danville serves adults with intellectual and developmental disabilities, and those needing similar services, in a rural environment promoting dignity, respect, and the opportunity to live enriched and purposeful lives.

Our day program and residential community were developed to empower and maximize personal independence by offering learning opportunities that reinforce personal growth and freedom of choice. It is the vision of New Danville that our clients and residents will have the opportunity to live, learn, work and grow in communities of their choice.

## About the Event

Spring Thing 2025 is set for April 25, and it's going to be unforgettable as we celebrate New Danville's 20th Anniversary. Get ready to be inspired by our Keynote Speaker, Ryan Campbell, with his message "Finding Your Own Joy!"

Join us for this spectacular event beginning with shopping in the Market for items made with the assistance of New Danville Wranglers (clients), as well as select items from our upscale resale store, Jazzy Junque while enjoying cocktails before the luncheon program begins.

## RYAN CAMPBELL

Ryan Campbell is one of the world's leading mental health and resilience keynote speakers. His gripping story of adventure and adversity leaves audiences in laughter, tears, and inspired into action. As a teenager, Ryan became the youngest solo pilot to fly around the world and was named one of Australia's 50 great explorers. But everything changed after a tragic plane crash that left him with a paraplegic diagnosis, told he would never walk again.

Over the next several years, Ryan's incredible recovery back to walking and flying again defied the odds. While he ticked the boxes that defined success, his mental health had never been worse. Like many in today's world, Ryan was struggling with burnout, anxiety, and depression. His missing puzzle piece wasn't found in a massive global expedition or miraculous recovery. Ryan's greatest lesson was parked right in his driveway.

Today, Ryan speaks to organizations around the world about the life-changing power of prioritizing joy. Through the story of his Elvis-inspired 1960 pink Cadillac, he shares accessible and attainable frameworks that will immediately improve mental health, fuel performance, and transform culture.

Through harnessing the power of joy, Ryan helps audiences shift their thinking so that they can step back in order to show up better. All by asking one simple question...
